Please cancel claims 1-22 without prejudice or disclaimer.

This listing of claims will replace all prior versions, and listings, of claims in the application.

1-22. (Canceled)

23. (New) An incontinence device for receiving urine from a user, the device comprising:

a urine collection bag adapted to fit the groin region of a user, wherein the urine collection bag has a first compartment for holding urine and a second compartment holding a motor;

a urinal having an impeller unit;

a tube connecting the urinal to the first compartment, and

a flexible drive shaft connecting the motor and the impeller unit,

wherein the flexible drive shaft is separate from the tube.

24. (New) The device according to claim 29, wherein the tube is detachable from the second compartment.

25. (New) The device according to claim 29, wherein the urine collection bag further comprises a flexible, detachable self-closing outlet.

26. (New) The device according to claim 29, wherein the urinal is selected from a sheath appendage and an elliptical bowl.

27. (New) The device according to claim 29, wherein the urinal further comprises a non-return valve for retaining urine in a urinal.

28. (New) The device according to claim 29, wherein the urinal further comprises a liquid detector for controlling the motor.

29. (New) The device according to claim 29, wherein the urinal has straps for fastening the urinal to a belt.
